What is a Single Gallery Block™?

It is a professional photographic print adhered to a solid wood structure through a custom process that produces a unique wall décor product.

What is a Floating Gallery Block™?

It is a series of professional photographic prints adhered to solid wood structures and united on a larger backboard which produces a hanging three-dimensional effect.

FLOATING

A “floating” Gallery Block™ is a series of smaller print blocks constructed together to create a chic, one-of-a-kind piece of wall art. The floating Gallery Block™ is manufactured to look like each individual Gallery Block™ is floating over a large image background.

Each individual Gallery Block™ is a single professional print laminated over a solid wood constructed box. Easy to maintain and easy to hang.

SINGLE

A “single” Gallery Block™ is a single professional print laminated over a solid wood constructed box. Each single Gallery Block™ is easy to maintain, easy to hang, with no folded corners and perfect manufactured 90° angles.
